

## Bursary Fund

If you are members of AIF, please apply for a Bursary, if without it you would be unable to attend. *All requests are treated in absolute confidence.* It is a matter of principle that no member of the Association should stay away from the Conference simply for financial reasons.

If the conference fees are outside your reach please consider applying to the Bursary Fund for a loan or a grant. If you are a Young Adult, this applies to you too. You may apply directly and independently of your family.

You may contact the Bursary Administrators direct. Please ask the office for their contact details.

## Conference Fees -

include only a small amount towards the total cost of administration; Association funds subsidise each adult by up to £50 *and* pay for the supervision of the children. **Any help in defraying these expenses will be gratefully received** and may be forwarded with the Conference fee. Contributions can be treated as Gift Aid; CAF vouchers can also be accepted.
